AIWHEELEDVEHICLE: BASIC

3 Create a Wheeled Bot

Finished Code:

```
// 1 - Create an AIWheeledVehicle using our spawn function.
function startexercise101()
{
    // 1
    %theBot = AIWheeledVehicle::spawn( exerciseCenter.getTransform() ,
                                      DefaultCar );
}
```
